

NOTES

The 4/11/12 meeting of the Side Hill Cronchers could not be held as there were only 5 members present; Scott Grover, Ron Bixby, Randy Ellison, Doug Peabody and John Murphy.

The Treasurers information was reviewed. Under trails it was decided to not submit any requests to VAST other than the De-Brushing application. VAST is having a money issue this year and will only be addressing trail closures and bridges.

There needs to be some work done on the North Hill Trail. We need to contact Willie Arnow and have him meet with Scott Grover to see if the corrections can be done this summer.

The VAST Construction Seminar will be held on April 21st in Barre. Attendance is mandatory. John and Randy will attend, Doug will if not going out of town.

The groomer has been totally updated and only used about 12 hours this past winter. We will not be requesting a grant for a new unit as VAST is in a financial crisis because of the brown winter.

John will pick three dates for a BBQ Fundraiser this summer and coordinate the dates with the Legion to make sure there is no conflict.

John will pick a date for a future meeting.
